

Dulux Trade Diamond High Performance Eggshell

BARLEY WHITE

About this product

Diamond High Performance Eggshell is a very tough and flexible water-based eggshell finish that uses enhanced Diamond Technology from Dulux Trade. Dulux Trade Diamond High Performance Eggshell uses a tough and flexible cross-linking binder which gives superior durability when compared to standard Dulux Trade Diamond Eggshell. This extra-tough product can be used directly on suitably prepared surf

aces and is ideal for super high traffic areas

Application Method

Application : Brush,roller or spray . STIR THOROUGHLY BEFORE USE. Seal new, bare or porous surfaces with a thinned first coat of Dulux Trade Diamond High Performance Eggshell (up to 1 part clean water to 10 parts paint). The normal finishing process is 2 full coats of Dulux Trade Diamond High Performance Eggshell, but on previously painted surfaces in good condition where similar colours are used, 1 coat may be sufficient
