Pack size

1L, 2.5L, 5L

Application Method

Application : Brush or roller only. For health and safety reasons related to all solvent based paints, spray application is not recommended. STIR THOROUGHLY BEFORE USE. The normal finishing process is 2 full coats of Dulux Trade Eggshell. However, where a strong colour change is required, then a coat of an appropriate coloured Dulux Trade Undercoat may be necessary. For best colour consistency, purchase sufficient tinted paint for each job including touch in at one time from the same source.
